Interested in becoming a physician? Gain insights into the academic preparation necessary to become a successful medical school applicant. Learn about medical training, and issues affecting the practice of medicine today. “Shadow” physicians on the faculty of the Keck School of Medicine of USC at a USC teaching hospital. In lectures, clinical sessions, and observations, develop an orientation to the study of gross anatomy, histology, microbiology, physiology, the biology of disease, and ethics; issues of patient care; and the politics of health care reform. Talk with practicing physicians about preparing for medical school, “life as a resident,” and career options in health care.
