The Humanities explore the human condition. It pertains to everything and anything derived from human creation such as art, literature, language, philosophy, and religion. The Humanities emphasize the development and mastery of critical thinking, analytical, and qualitative skills moreover than empirical methods utilized in the natural and social sciences.

Revised: 08/2017
The path from major to career is rarely attributed to a single factor, event, decision, or influence. At times we pursue a path to career. Other times, we create a path. The following is a sampling of career-paths of USC Alumni and skills based on Linked-In data. Suggested USC co-curricular opportunities are provided.

## Major 2 Career

The path from major to career is rarely attributed to a single factor, event, decision, or influence. At times we pursue a path to career. Other times, we create a path. The following is a sampling of career-paths of USC Alumni and skills based on Linked-In data. Suggested USC co-curricular opportunities are provided.

### CAREERS

| Accounting | Media and Communication |
| Administrative | Migrant service providers |
| Adult Ministries | Military and Protective Services |
