DATE: August 31, 2017

SUBJECT: The 2017 USC Wrigley Institute Hagenah Postdoctoral Fellowship

Dear USC Community;

The USC Wrigley Institute for Environmental Studies is pleased to announce the 2017 Susan and Philip Hagenah Postdoctoral Fellowship, with funding in support of USC post-graduate research excellence in the fields of marine, earth, environmental and/or sustainability studies.

The selected Postdoctoral Fellow will receive $6,000 in research funds to support advanced study beyond their doctorate degree in preparation for a full-time academic and/or research career. Preference is given to research projects that involve the USC Wrigley Marine Science Center at Catalina Island. Fellows will be considered “trainees in residence” as they pursue their research goals and contribute their expertise to the USC and scientific communities. Selection will be based upon merit; financial need may also be considered.

Applications are due September 29, 2017. Awards will be made by late October.

APPLICATION PROCESS:

Interested postdoctoral researchers, please submit:

• Proposal including research summary, broader impacts, and how the above funds would benefit your work (2 pages max).
• Letter of support from faculty advisor; may be sent separately by deadline.
• Statement of any additional concurrent funding sources.

Deadline: 5:00pm on September 29th. Application submissions and questions should be directed to Dr. Jessica Dutton at jmdutton@usc.edu.

With Regards,

Dr. John Heidelberg  
Associate Director  
USC Wrigley Institute  

Dr. Jessica Dutton  
Special Projects Director  
USC Wrigley Institute
