Would you like to graduate with a B.A. in French with Honors? Here’s how:

- Maintain a 3.0 overall GPA
- Maintain a 3.5 GPA in French
- Take three approved 400-level courses, including FREN 490 Directed Research
- Write and orally defend a 25 – 30 page honors thesis, in French

You will write your thesis in connection with one of your 400-level courses, in close contact with the professor who will serve as your first reader. The second reader will be the director of the Honors Program (or another professor if the director is your first reader.) We recommend you write the thesis over two semesters, though you may elect to write it in one semester.

You will defend the thesis orally before your two readers once you have submitted your thesis. If the defense is successful, you will graduate with French Honors!

If you would like to discuss the possibility of completing an honors thesis, please contact Olivia Harrison at oharriso@usc.edu.

We look forward to hearing from you!
