Kallins Hellenic Studies Summer Fellowship
For summer study and travel in Greece

Made possible by a generous gift from the Kallins family, the Classics Department is able to offer **two undergraduate fellowships of $5000 each** to be awarded on a competitive basis for activities of summer study and travel in Greece. The fellowships are intended to enable students to expand and enrich their studies at USC through hands-on experience in a project of study related to modern Greece or its rich cultural heritage. Possible uses might include:

- Study at an accredited university-level program in Greece
- Volunteering on an archaeological excavation
- Travel in Greece in connection with an independent research project

**Eligibility:** *All students who have taken or are taking at least one (1) course taught in the Classics Department during the 2017-2018 academic year; eligible courses include those in Classics (CLAS), Greek (GK), and Latin (LAT).*

Criteria for selection will be based on the merit of the proposed project and overall academic excellence of the applicant. Interested students are highly encouraged to meet with a faculty member in the Classics Department in advance to discuss their ideas for use of the fellowship. We are happy to help with identifying promising opportunities and to offer guidance in developing high-quality proposals at any stage in the process.
