I have requested and been granted permission to register in BISC \_\_\_\_\_, although I have not completed \_\_\_\_\_ which is a stated prerequisite and/or corequisite for this course.

**I realize that if I take the prerequisite course I have listed after I pass the higher level course whose prerequisite I am waiving with this form, the prerequisite course will only count for subject credit toward my major requirements and I will receive no unit credit toward my 128 unit graduation requirement.**

In accepting this waiver to take a course without the necessary prerequisites and/or corequisites, I, the student:

- assume full responsibility for requesting this waiver;
- acknowledge that I have received no assurance that I have the necessary preparation to perform adequately in the course;
- understand that I will probably have to work harder than other students in the course since I lack the specified preparation;
- will accept any adverse consequences that I may incur as a consequence of taking this course out of sequence. (Such adverse consequences may include having to withdraw from the course or receipt of an inferior or failing grade.) I understand that I must earn a C- or better in my core courses and maintain a 2.0 GPA in my upper division major courses.

**Please indicate the reason you are requesting prerequisite/corequisite waiver, and why you believe granting waiver is justified. Also, if you have taken a course elsewhere or are planning to take one over the summer that you believe will serve as the prerequisite/corequisite for the course for which you are requesting this waiver, please list that course(s) below.**
