Please RSVP to Katie Chvostal at catalina@usc.edu for the Philip K. Wrigley Marine Science Center. This invitation is open to Friends of the Wrigley Institute and their guests.

Please join us at the Philip K. Wrigley Marine Science Center at 4:00 pm, Saturday, September 2nd. Educators will discuss their experiences in the classroom, and we will highlight the Wrigley Institute’s efforts in closing the gap between research and education through the next generation of students. Because of this course, the USC Wrigley Institute strives to prepare highly motivated high school students from San Diego County to become active members of their community while also exposing them to new and diverse opportunities. 

Your support ensures the Institute’s ability to educate the next generation of students. MINI PUBLICATION

Friends of the Wrigley Institute Social

The USC Wrigley Institute for Environmental Studies invites you to join us at The Phlegm & Wrigley Marine Science Center from 4pm to 6pm on Saturday, September 3rd for a social event. This event is a local celebration of our students' success this summer. There will be refreshments, music, and stories from our students. Please RSVP through our website or contact us at catalina@usc.edu for more information.

If you cannot attend, but would like to support the Wrigley Institute, you can do so by donating at catalina@usc.edu. Your donation will help support our research efforts and allow us to continue our work in the field.
