The Department of Latin American and Iberian Cultures announces its Mexico City Maymester for 2019. Improve your knowledge of Spanish language and Mexican culture and earn four units of credit while living in one of the world’s most exciting cities. For three weeks, one of the largest cities on Earth will be our classroom, as we learn about Mexican history, art, cinema, politics, and literature. We will visit restaurants, museums, architectural jewels (and ruins), archives, as well as popular cultural events, and will meet with significant cultural figures from the Mexico City scene in the process.
