I am Dornsife. I wear many shirts.

Analogous to how any individual can have many hats, I believe Dornsife scholars wear many shirts. Pictured behind me are my (top left to right) Clinical Care Extender for St. Francis Medical Center, USC blood donation, I am Vietnamese, USC football, (middle left to right) Google from Tokyo, Los Angeles Angels of Anaheim, USC McNair Scholars, USC Bookstore Student Supervisor, (bottom left to right) USC Vietnamese Student Association, USC Asian Pacific American Student Services, and USC Norman Topping Student Aid Fund shirts.

Dornsife scholars have high academic achievements. They travel the world. They engage in the community. They are passionate and proud of who they are and what they represent. They have great aspirations for the world. My name is Kim Vu and I am Dornsife.
