OPPORTUNITIES

Ninth Annual Trans-Asia Graduate Student Conference: Call for Papers **Deadline: March 3**

The Trans-Asia Graduate Student Association is pleased to announce the Ninth Annual Trans-Asia Graduate Student Conference at the University of Wisconsin-Madison.

Participants will have a valuable opportunity to share work with and receive feedback from peers and senior researchers as well as to gain insight into recent developments in Asia-related research across various disciplines. This year's conference aims to provide broader insight into Asian studies by exploring Asia-related themes through the prism of "transcending boundaries" in the broadest sense. Potential paper topics may include but are not limited to: periods of political, social and cultural boundary transcendence, migrations and cultural influences within or outside Asia, transcending boundaries within methodologies. Taking the participants' specific fields of study as a starting point, we want to look for various perspectives and inspiration on Asian studies.
