

Math Center Consulting Hours During Study Days and Finals Saturday, May 2nd – Tuesday, May 12th

During study days and finals the Math Center is open and there will be graduate assistants available to help, but the regular schedules change. Some graduate students give regular consulting hours and others give more formal review sessions. Consulting hours are generally held in the Math Center, review sessions are generally held in some other room. The schedules below show when the graduate assistants in the department will be available. These schedules will be updated on a daily basis so keep checking back!
