Summer Newsletter

JUNE 2023

USC Postbacc Program Summer Chemistry Bootcamp

Our Postbacc program is designed for career changers. Our students come from many diverse professional and academic backgrounds. To help our postbaccs come into their first chemistry classes with a solid foundation and to put them in the strongest position to succeed, we are launching a new **Chemistry Bootcamp** in **Summer 2023**.

This 5-week intensive course will take place during the second summer session at USC, starting on July 6 and ending on August 3, 2023. The course will consist of a 1.5-hour lecture every Tuesday and Thursday with homework assignments after each lecture, and a 3-hour asynchronous group discussion every Monday and Wednesday. This course is free for all enrolled postbac students who have a USC ID.

[Chemistry Boot Camp for Incoming Postbaccs](#)

July 6 - August 3, 2023

Lectures: 1.5 hr, TuTh (recordings available)

Group Discussions: 3 hours, asynchronously, MW

New Merit Scholarships for Postbaccs Starting 2023

partial scholarships will be awarded to incoming postbaccs, acknowledging them for their distinguished academic records and outstanding professional achievements, and to encourage them to continue to strive for even greater success in their postbacc journey at USC.

Congratulations to Hana B. for being our first recipient of the Merit Scholarship!

Incoming Summer 2023 Cohort

We are excited to welcome three new students to our Summer 2023 term! Summer sessions at USC are intensive. It is important to keep current with your coursework throughout the term.

We are also look forward to seeing all our new Fall 2023 students in August.

Application Cycle 2023- 2024

2023-2024 Glide Years - We advise you all to submit your applications early! Practice patience through the application cycle and continue to thrive in your extracurricular activities. We are here to support you during the application year. Good luck on your PREview and Casper Exams.
