## USC DORNSIFE OFFICE OF CREATIVE CONTENT WEBSITE PROJECT UPDATE

**Website Project Hub:** [dornsife.usc.edu/website-project](https://dornsife.usc.edu/website-project)

**Contact:** [webproject@dornsife.usc.edu](mailto:webproject@dornsife.usc.edu)

Good morning,

**We're writing to see how your WordPress website is coming along.**

If you've received this message, we've previously sent you your site's login details and information for you to begin building your website on WordPress — the content management system for our redesigned USC Dornsife website.

We want to make sure you have everything you need to complete your site and launch it before the end of 2023. View the list of websites that are required to migrate [here](#).

**Please note that all sites must be moved to WordPress by the end of this calendar year** as we will be retiring the old Dornsife content management system at the end of 2023.

**A few more important things to note:**

- Sites will not be automatically migrated to WordPress
- Sites that are not moved to WordPress by the end of the year will be deactivated. They will be archived, however, should you require content in the future.
- If you need assistance, our team is here to help
- Ready to launch your site? Let us know [here](#).

If you have any questions about your site, or need help moving your website to WordPress, please email us at [webproject@dornsife.usc.edu](mailto:webproject@dornsife.usc.edu).

Thank you,

Michelle Boston  
Associate Dean for Digital Content Strategy  
Office of Creative Content
